**For Your Safety**

To prevent damage to your Nikon product or injury to yourself or to others, read the following safety precautions in their entirety before using this equipment. Keep these precautions with the product, to prevent possible injury.

**Warnings**

**Turn off** in the event of malfunction
- Should you notice smoke or an unusual smell coming from the camera or AC adapter, unplug the AC adapter and remove the batteries immediately, then contact your Nikon-authorized service representative. Failure to observe this precaution could result in damage to the equipment or a fire. 

*Do not disassemble*
- The camera contains precision parts; do not attempt to disassemble or modify it. 

*Do not see the camera or AC adapter in the presence of flammable gas*
- Ignition of gas in the vicinity of the camera or AC adapter could result in a fire or injury. 

*Handle the camera strap with care*
- Keep your fingers from becoming pinched, and be careful not to hang the strap too loosely on your neck. 

*Keep out of reach of children*
- Please supervise children to make sure they do not play with the camera. 

*When connecting cables to the input and output jacks, use only the cables provided or those specified by Nikon for use with this product. Failure to observe this precaution could result in damage to the equipment.*

*Take proper precautions when using the flash*
- Failure to observe the precautions could result in a fire or malfunction of the equipment. 

*About the Manuals*
- All the manuals are available as downloadable PDF files on the Nikon website. To download, visit the site below for contact information.

**Care for the Product**

The Nikon website has been designed to be improved by using Adobe Flash. When using Adobe Flash please upgrade to the latest version.

Notice Concerning Prohibition of Copying or Reproduction

- Nikon Corporation is the holder of licenses of certain U.S. patents and other intellectual property rights granted by certain third parties for the manufacture and sale of Nikon products. Nikon reserves the right to discontinue, without prior notice, the manufacture and sale of its Nikon products or parts thereof at any time and for any reason, and Nikon does not make any representation or warranty whatsoever regarding the continuation of the manufacture and sale of any Nikon products or parts thereof. 

- Nikon Corporation disclaims any and all liability for loss or damage of any kind incurred by any person as a result of the use, or application of the information or data contained in this manual, or for any infringement of intellectual property rights or other rights arising out of the use, or application of the information or data contained in this manual. 

- Nikon Corporation shall have no liability for any loss or damage, including without limitation, indirect or consequential loss or damage arising out of, or in connection with, the use of or reliance on the information or data contained in this manual. 

**Cautions**

**Modifications**

- The user is cautioned that any changes or modifications not expressly approved by Nikon Corporation could void the user’s authority to operate the equipment. 

**Interface cables**

- Cable locks designed by Nikon as an option can be purchased for your equipment.”
