Warranty Terms - Nikon Europe Service Warranty

Distributor

Nikon Europe B.V

ripolis 100, Burgerv 076 ER Amsterdam

■ Name and address of cus

We thank you for your purchasing this Nikon product. Should your Nikon product require warranty service, please contact the dealer from whom it was purchased or a member of our authorized service network within the sales territory of Nikon Europe B.V. (e.g. Europe/Russia/others). See details under: http://www.europe-nikon.com/support

NIKON CORPORATION

Shinagawa Intercity Tower C, 2-15-3, Konan Minato-ku, Tokyo 108-6290 Japan

In order to avoid any unnecessary inconvenience, we advise you to read the user manuals carefully before contacting the dealer or our authorized service network.

Your Nikon equipment is guaranteed against any manufacturing defects for one full year from the date of original purchase. If during this period of guarantee the product proves defective due to improper material or workmanship, our authorized service network within the sales territory of Nikon Europe B.V. will, without charge for labor and parts, repair the product in the terms and conditions set as below. Nikon reserves the right (at its sole discretion) to replace or repair the product.

- 1. This warranty is only provided upon presentation of the completed warranty card and original invoice or purchase receipt indicating the date of purchase, product type and dealer's name, together with the product. Nikon reserves the right to refuse free-of-charge warranty service if the above documents cannot be presented or if the information contained in it is incomplete or illegible.
- 2. This warranty will not cover:
- necessary maintenance and repair or replacement of parts due to normal wear and tear.
- · modifications to upgrade the product from its normal purpose as described in user manuals, without the prior written consent of Nikon.
- transport costs and all risks of transport relating directly or indirectly to the
- warranty of the products.
- any damage resulting from modifications or adjustments which may be made to the product, without the prior written consent of Nikon, in order to comply with local or national technical standards in force in any other country than the ones for which the product was originally designed and/or manufactured.
- 3. The warranty will not be applicable in the case of:
- damage caused by misuse including but not limited to failure to use the product for its normal purpose or according to the user instructions on the proper use and maintenance, and to installation or use of the product inconsistent with the safety standards in force in the country where it is used. · damage caused by accidents including but not limited to lightning, water, fire, misuse or neglect.
- defacing, illegibility or removal of the model or serial number on the product.
- · damage resulting from repairs or adjustments which have been conducted by unauthorized service organizations or persons.
- defects in any system into which the product is incorporated or with which
- 4. This service warranty does not affect the consumer's statutory rights under applicable national laws in force, nor the consumer's right against the dealer

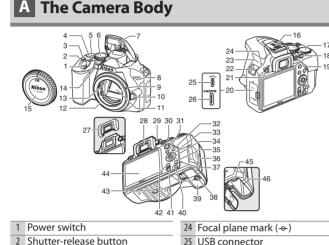

arising from their sales/purchase contract. Notice: An overview of all authorized Nikon Service Stations can be found online

by following this Link (URL = http://www.europe-nikon.com/service/).

Package Contents

- ☐ D3500 camera
- ☐ AN-DC3 strap ☐ *User's Manual* (this sheet)
- ☐ DK-25 rubber eyecup (comes attached to camera)
- Warranty (see left) ☐ BF-1B body cap
- ☐ EN-EL14a rechargeable Li-ion battery (with terminal cover)
- ☐ MH-24 battery charger (plug adapter supplied in countries or regions where required; shape depends on country of sale)

Memory cards are sold separately. Purchasers of lens kits should confirm that the package contains a lens (manuals for the lens may also be provided)

to view help for the currently selected item.

H Connecting to Smart Devices with SnapBridge

Instal the SnapBridge app to your smart device to download pictures from the camera or control the camera remotely. For more information, see the online camera manual

Readying the Smart Device

Before connecting, ready your smart device by installing the

SnapBridge app and enabling Bluetooth. Search for "snapbridge" on the Apple App Store® (iOS) or Google Play™ (Android™) and install the

Information on supported operating systems is available from the download site. This camera is not compatible with the SnapBridge 360/170 app.

Enable Bluetooth on the smart device. Note that the actual connection to the camera will be made using the SnapBridge app; do not attempt to connect using the Settings app on your device.

Pairing and Connecting

Before pairing, confirm that there is space available on the camera memory card. To prevent unexpected interruptions, you should also check that the camera battery is fully charged.

press 🕞. Follow the instructions displayed on the camera and in the

SnapBridge app, to complete setup. See SnapBridge online help for detailed setup information (additional information is also available in the online camera manual). For information on SnapBridge online help, visit:

https://nikonimglib.com/snbr/onlinehelp/en/index.html

■ Storage When the camera will not be used for an extended period, turn the camera off and remove the battery. Do not store in locations that:

Caring for the Camera

are poorly ventilated or subject to humidities of over 60% • are next to equipment that produces strong electromagnetic fields, such as televisions or radios

These glass elements are easily damaged. Remove dust and lint with a blower. If using an aerosol blower, keep the can vertical to prevent the discharge of liquid. To remove fingerprints and other stains, apply a small

Remove dust and lint with a blower. When removing fingerprints and other stains, wipe the surface lightly with a soft cloth or chamois leather. Do not apply pressure, as this could result in damage or malfunction.

* Do not use alcohol, thinner, or other volatile chemicals.

Bluetooth	
Communication protocols	Bluetooth Specification Version 4.1
Operating frequency	Bluetooth: 2402–2480 MHz Bluetooth Low Energy: 2402–2480 MHz
Maximum output power	Bluetooth: 1.2 dBm (EIRP) Bluetooth Low Energy: 1.2 dBm (EIRP)
Range (line of sight)	Approximately 10 m (32 ft) without interference; range may vary with signal strength and presence or absence of obstacles
Power source	
Battery	One EN-EL14a rechargeable Li-ion battery
AC adapter	EH-5c/EH-5b AC adapter; requires EP-5A power connector (available separately)
Tripod socket	
Tripod socket	1/4 in. (ISO 1222)
Dimensions/weight	
Dimensions (W \times H \times D)	Approx. $124 \times 97 \times 69.5 \text{ mm} (4.9 \times 3.9 \times 2.8 \text{ in.})$
Weight	Approx. 415 g (14.7 oz) with battery and memory card but without body cap; approx. 365 g/12.9 oz (camera body only)
Operating environment	
Temperature	0 °C-40 °C (+32 °F-104 °F)
Humidity	85% or less (no condensation)
■ MH-24 Battery Cha	ırger
Rated input	AC 100–240 V, 50/60 Hz, 0.2 A maximum
Rated output	DC 8.4 V/0.9 A

Rated input	AC 100–240 V, 50/60 Hz, 0.2 A maximum
Rated output	DC 8.4 V/0.9 A
Supported batteries	Nikon EN-EL14a rechargeable Li-ion batteries
Charging time	Approx. 1 hour and 50 minutes at an ambient temperature of 25 °C (77 °F) when no charge remains
Operating temperature	0 °C-40 °C (+32 °F-104 °F)
Dimensions (W \times H \times D)	Approx. 70 \times 26 \times 97 mm (2.8 \times 1.0 \times 3.8 in.), excluding plug adapter
Weight	Approx. 96 g (3.4 oz), excluding plug adapter
The symbols on this p	roduct represent the following:

■ EN-EL14a Rechargeable Li-ion Batter

Туре	Rechargeable lithium-ion battery
Rated capacity	7.2 V/1230 mAh
Operating temperature	0°C-40 °C (+32 °F-104 °F)
Dimensions (W \times H \times D)	Approx. $38 \times 53 \times 14 \text{ mm} (1.5 \times 2.1 \times 0.6 \text{ in.})$
Weight	Approx. 49 g (1.7 oz), excluding terminal cover

 \sim AC, ==DC, \square Class II equipment (The construction of the product is double-

Battery Life

insulated.)

The movie footage or number of shots that can be recorded with fullycharged batteries varies with the condition of the battery, temperature, the interval between shots, and the length of time menus are displayed. Sample figures for EN-EL14a (1230 mAh) batteries are given below. Photographs, single-frame release mode (CIPA standard): Approximately 1550 shots

Movies: Approximately 75 minutes at 1080/60p

Lenses

This section provides lens specifications for purchasers of lens kits. Note that some of the lenses below may not be available in all countries or regions.

Туре	Type G AF-P DX lens with built-in CPU and F mount
Focal length	18-55 mm
Maximum aperture	f/3.5-5.6
Lens construction	12 elements in 9 groups (2 aspherical lens elements)
Angle of view	76°-28° 50′
Focal length scale	Graduated in millimeters (18, 24, 35, 45, 55)
Distance information	Output to camera
Zoom	Manual zoom using independent zoom ring
Focusing	Autofocus controlled by stepping motor; separate focus ring for manual focus
Vibration reduction	Lens shift using voice coil motors (VCMs)
Minimum focus distance	0.25 m (0.9 ft) from focal plane at all zoom positions
Diaphragm blades	7 (rounded diaphragm opening)
Diaphragm	Fully automatic
Aperture range	• 18 mm focal length: f/3.5–22 • 55 mm focal length: f/5.6–38 The minimum aperture displayed may vary depending on the size of the exposure increment selected with the camera.
Metering	Full aperture
Filter-attachment size	55 mm (P = 0.75 mm)
Dimensions	Approx. 64.5 mm maximum diameter × 62.5 mm (distance from camera lens mount flange when lens is retracted)
Weight	Approx. 205 g (7.3 oz)

	morn carriers mount hange when lens is retracted,
Weight	Approx. 205 g (7.3 oz)
AF-P DX NIKKOR 70–30 f/4.5–6.3G ED Lenses	00mm f/4.5–6.3G ED VR and AF-P DX NIKKOR 70–300mm
Туре	Type G AF-P DX lens with built-in CPU and F mount
Focal length	70-300 mm
Maximum aperture	f/4.5-6.3
Lens construction	14 elements in 10 groups (including 1 ED lens element)
Angle of view	22° 50′-5° 20′
Focal length scale	Graduated in millimeters (70, 100, 135, 200, 300)
Distance information	Output to camera
Zoom	Manual zoom using independent zoom ring
Focusing	Autofocus controlled by stepping motor; separate focus ring for manual focus
Vibration reduction (AF-P DX NIKKOR 70–300mm f/4.5–6.3G ED VR only)	Lens shift using voice coil motors (VCMs)
Minimum focus distance	1.1 m (3.7 ft) from focal plane at all zoom positions
Diaphragm blades	7 (rounded diaphragm opening)

Fully automatic

Aperture range	• 70 mm focal length: f/4.5–22 • 300 mm focal length: f/6.3–32 The minimum aperture displayed may vary depending on the size of the exposure increment selected with the camera.
Metering	Full aperture
Filter-attachment size	58 mm (P = 0.75 mm)
Dimensions	Approx. 72 mm maximum diameter \times 125 mm (distance from camera lens mount flange)
Weight	• AF-P DX NIKKOR 70–300mm f/4.5–6.3G ED VR: Approx. 415 g (14.7 oz) • AF-P DX NIKKOR 70–300mm f/4.5–6.3G ED: Approx. 400 g (14.2 oz)

- · Unless otherwise stated, all measurements are performed in conformity with Camera and Imaging Products Association (CIPA) standards or guidelines
- All figures are for a camera with a fully-charged battery.
- The sample images displayed on the camera and the images and illustrations in the manual are for expository purposes only.
- Nikon reserves the right to change the appearance and specifications of the hardware and software described in this manual at any time and without prior notice. Nikon will not be held liable for damages that may result from any mistakes that this manual may contain

For Your Safety

To prevent damage to property or injury to yourself or to others, read "For Your Safety" in its entirety before using this product.

Keep these safety instructions where all those who use this product will read them. ⚠ DANGER: Failure to observe the precautions marked with this icon carries a high

risk of death or severe injury.

⚠ WARNING: Failure to observe the precautions marked with this icon could result in death or severe injury.

⚠ CAUTION: Failure to observe the precautions marked with this icon could result in injury or property damage.

! WARNING

 Do not use while walking or operating a vehicle. Failure to observe this precaution could result in accidents or other iniurv.

 Do not disassemble or modify this product. Do not touch internal parts that become exposed as the result of a fall or other accident

Failure to observe these precautions could result in electric shock or other injury. Should you notice any abnormalities such as the product producing smoke. heat, or unusual odors, immediately disconnect the battery or power source.

ued operation could result in fire, burns or other injury. Keep dry. Do not handle with wet hands. Do not handle the plug with wet hands.

Failure to observe these precautions could result in fire or electric shock. • Do not let your skin remain in prolonged contact with this product while it is on

Failure to observe this precaution could result in low-temperature burns. • Do not use this product in the presence of flammable dust or gas such as

propane, gasoline or aerosols Failure to observe this precaution could result in explosion or fire. • Do not directly view the sun or other bright light source through the lens or

Failure to observe this precaution could result in visual impairment • Do not aim the flash or AF-assist illuminator at the operator of a motor vehicle.

Failure to observe this precaution could result in accidents Keep this product out of reach of children. Failure to observe this precaution could result in injury or product malfunction. In

addition, note that small parts constitute a choking hazard. Should a child swallow

any part of this product, seek immediate medical attention Do not entangle, wrap or twist the straps around your neck.

Failure to observe this precaution could result in accident Do not use batteries, chargers, or AC adapters not specifically designated for use with this product. When using batteries, chargers, and AC adapters

designated for use with this product, do not: Damage, modify, forcibly tug or bend the cords or cables, place them under heavy objects, or expose them to heat or flame.

- Use travel converters or adapters designed to convert from one voltage to another or with DC-to-AC inverters. Failure to observe these precautions could result in fire or electric shock. • Do not handle the plug when charging the product or using the AC adapter

during thunderst Failure to observe this precaution could result in electric shock. • Do not handle with bare hands in locations exposed to extremely high or low

temperatures. Failure to observe this precaution could result in burns, or frostbite

! CAUTION

- Do not leave the lens pointed at the sun or other strong light sources.
- Light focused by the lens could cause fire or damage to product's internal parts. When shooting backlit subjects, keep the sun well out of the frame. Sunlight focused into the camera when the sun is close to the frame could cause fire
- · Turn this product off when its use is prohibited. Disable wireless features when the use of wireless equipment is prohibited.

The radio-frequency emissions produced by this product could interfere with equipment onboard aircraft or in hospitals or other medical facilities

- Remove the battery and disconnect the AC adapter if this product will not be used for an extended period. Failure to observe this precaution could result in fire or product malfunction
- Do not fire the flash in contact with or in close proximity to the skin or objects.
- Failure to observe this precaution could result in burns or fire · Do not leave the product where it will be exposed to extremely high
- temperatures, for an extended period such as in an enclosed automobile or in direct sunlight. Failure to observe this precaution could result in fire or product malfunction

Do not transport cameras or lenses with tripods or similar accessories attached.

Failure to observe this precaution could result in injury or product malfunction.

/! DANGER (Batteries)

- Do not mishandle batteries.
- Failure to observe the following precautions could result in the batteries leaking,
- overheating, rupturing, or catching fire:
 Use only rechargeable batteries approved for use in this product.
- Do not expose batteries to flame or excessive heat.
- Do not disassemble Do not short-circuit the terminals by touching them to necklaces, hairpins, or
- Do not expose batteries or the products in which they are inserted to powerful
- physical shocks.
- Charge only as indicated. Failure to observe this precaution could result in the batteries leaking, overheating, rupturing, or catching fire.
- If battery liquid comes into contact with the eyes, rinse with plenty of clean water and seek immediate medical attention. Delaying action could result in eye injuries.

NARNING (Batteries)

- Keep batteries out of reach of children. Should a child swallow a battery, seek immediate medical attention
- · Do not immerse batteries in water or expose to rain.
- Failure to observe this precaution could result in fire or product malfunction. Immediately dry the product with a towel or similar object should it become wet.
- Discontinue use immediately should you notice any changes in the batteries, such as discoloration or deformation. Cease charging EN-EL14a rechargeable
- batteries if they do not charge in the specified period of time. Failure to observe these precautions could result in the batteries leaking, overheating, rupturing, or catching fire.
- When batteries are no longer needed, insulate the terminals with tape. Overheating, rupture, or fire may result should metal objects come into contact with the terminals.
- If battery liquid comes into contact with a person's skin or clothing, immediately rinse the affected area with plenty of clean wate
- Failure to observe this precaution could result in skin irritation

IMPORTANT SAFETY INSTRUCTIONS—SAVE THESE INSTRUCTIONS DANGER—TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, CAREFULLY

For connection to a supply not in the U.S.A., use an attachment plug adapter of the proper configuration for the power outlet if needed. This power unit is ntended to be correctly oriented in a vertical or floor mount position

Federal Communications Commission (FCC) Radio Frequency Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to

- correct the interference by one or more of the following measure: Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- · Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/television technician for help.

CAUTIONS Modification

The FCC requires the user be notified that any changes or modifications made to this device that are not expressly approved by Nikon Corporation may void the user's authority to operate the equipment.

Use the interface cables sold or provided by Nikon for your equipment. Using other nterface cables may exceed the limits of Class B Part 15 of the FCC rules Nikon Inc., 1300 Walt Whitman Road, Melville, New York 11747-3064, U.S.A.

Notice Concerning Prohibition of Copying or Reproduction

Note that simply being in possession of material that has been digitally copied or reproduced by means of a scanner, digital camera, or other device may be punishable by law.

Items prohibited by law from being copied or reproduced Do not copy or reproduce paper money, coins, securities, government bonds, or local government bonds, even if such copies or reproductions are stamped "Sample."

The copying or reproduction of paper money, coins, or securities which are circulated in a foreign country is prohibited. Unless the prior permission of the government has been obtained, the copying or reproduction of unused postage stamps or post cards issued by the gove

The copying or reproduction of stamps issued by the government and of certified documents stipulated by law is prohibited.

Cautions on certain copies and reproduction The government has issued cautions on copies or reproductions of securities issued by private companies (shares, bills, checks, gift certificates, etc.), commuter passes, or coupon tickets, except when a minimum of necessary copies are to be provided for business use by a company. Also, do not copy or reproduce passports issued by the government, licenses issued by public agencies and private groups, ID cards, and tickets, such as passes and meal coupons

Under copyright law, photographs or recordings of copyrighted works made with the camera cannot be used without the permission of the copyright holder. Exceptions apply to personal use, but note that even personal use may be restricted

in the case of photographs or recordings of exhibits or live performances. Disposing of Data Storage Devices

Comply with copyright notices

Please note that deleting images or formatting memory cards or other data storage devices does not completely erase the original image data. Deleted files can sometimes be recovered from discarded storage devices using commercially available software, potentially resulting in the malicious use of personal image data. Ensuring the privacy of such data is the user's responsibility.

Before discarding a data storage device or transferring ownership to another person, erase all data using commercial deletion software, or format the device and then completely refill it with images containing no private information (for example, pictures of empty sky). Care should be taken to avoid injury when physically destroying data storage devices. Be sure to also replace any pictures selected for preset manual white balance.

Before discarding the camera or transferring ownership to another person, you should also use the **Reset all settings** option in the camera setup menu to delete network settings and other personal information

Nikon Inc., 1300 Walt Whitman Road, Melville, New York 11747-3064, U.S.A.

FCC/ISED RF Exposure Statement

The available scientific evidence does not show that any health problems are associated with using low power wireless devices. There is no proof, however, that these low power wireless devices are absolutely safe. Low power Wireless devices emit low levels of radio frequency energy (RF) in the microwave range while being used. Whereas high levels of RF can produce health effects (by heating tissue), exposure of low-level RF that does not produce heating effects causes no known adverse health effects. Many studies of low-level RF exposures have not found any piological effects. Some studies have suggested that some biological effects might occur, but such findings have not been confirmed by additional research. This product has been tested and found to comply with FCC/ISED radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the ISED radio frequency (RF) Exposure rules.

Notices for Customers in Europe

Hereby, Nikon Corporation declares that the radio equipment type D3500 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the
